PANSY FARM
Perennials

BRISTOL, PA.

GENTLEMEN:

As is the case with many other businesses, we are limited in the quantity and variety of the goods we have to sell. This is due partly to the scarcity of workers experienced in handling plants and partly to the fact that a large portion of our ground is devoted to raising badly needed food products. We are sure our friends and customers will understand our difficulties and will adjust themselves to the conditions under which we are now forced to operate.

We do wish to emphasize the fact, however, that all of our plants are of the same select strains and of the high quality that have helped to build our business. The scale of our work has been cut, but decidedly not the quality. But because of the lack of help in getting out the shipments, we may be unable to fill those orders which do not come in early. So we say, more urgently than we have ever said it: Order early. We shall do our very best to fill all orders, but those which come early are the only ones we can feel fairly sure of satisfying.

We have every hope that this limited list will partly fill your needs, and that by another season we shall be able to make an offering more comparable to our usual one.

Sincerely yours,

PITZONKA'S PANSY FARM

Pansies

CORONATION GOLD.

LAKE OF THUN. Ultramarine-blue.

GIANT WHITE.

YELLOW MASTER. Pure golden yellow.

BLUE BOY. Silvery lilac.

SUPER MAPLE LEAF GIANTS.
